Installation

Installation requirements

1. Installation and connection of your Zip HydroTap must be carried out by a qualified person, observing national and local regulations.

2. You will require suitable mains electrical and drinking water connections, plus waste water drainage. The HydroTap must be installed to within the limits of the hose and cable lengths supplied.

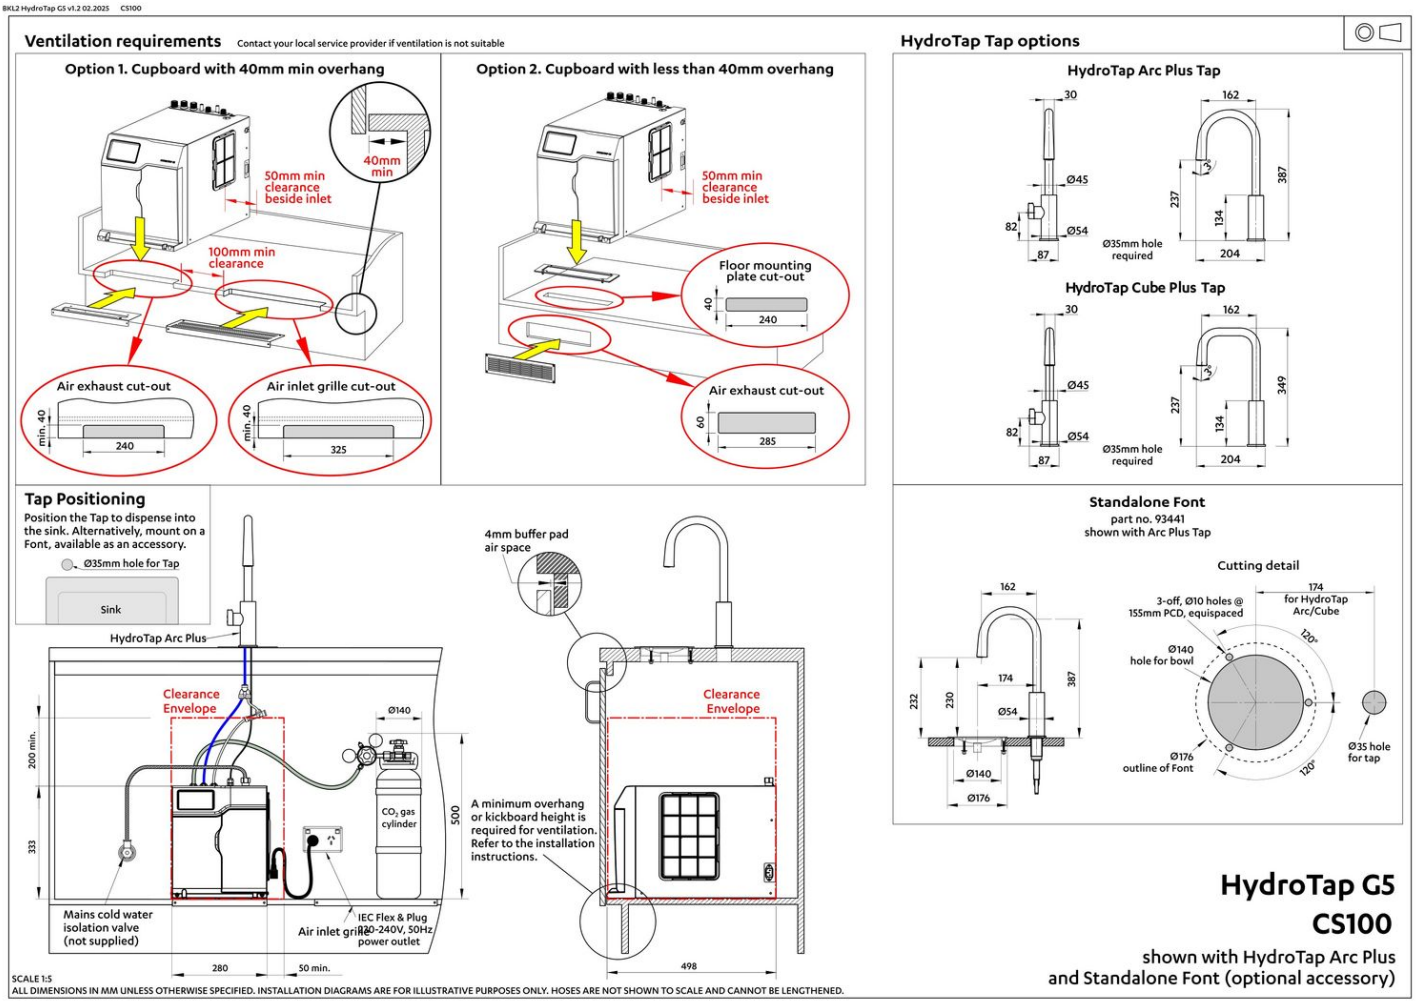

3. Discrete cabinetry cut outs are required for airflow. 40mm minimum clearance on cupboard base overhang required otherwise alternative installation options are available.

4. Installation on most bench tops is straightforward however some stone bench tops may require a specialised cutting service.

5. Installation by Zip Professional Service can be arranged with a phone call or through www.zipwater.com/book-service-visit
